Pathways Four-Year Plan
2013 -2014

RN to B.S. in Nursing

Department of Health Professions
School of Health and Behavioral Sciences

The goal of a Four-Year Plan is to ensure that students graduate with no more than 120 credits and in four years.

- *All students should speak with an academic advisor about their academic programs.*
- *Students are encouraged to **take Winter and Summer courses** to facilitate their progress towards graduation.*
- *Transfer students do not need to take all courses in the plan; they should consult with an academic advisor.*
