

FULBRIGHT

December 14, 2020

Dear Selena,

On behalf of World Learning, thank you for supporting the Fulbright Specialist Program by serving as a Peer Reviewer in 2020. We sincerely appreciate your continued commitment to the program, especially during a year marked by many challenges.

Your role as a Peer Reviewer has been instrumental in helping to assess and identify qualified applicants for placement onto the Fulbright Specialist Roster. Through your voluntary participation, you have helped ensure that the Roster remains a repository for highly skilled and diverse individuals to support Fulbright Specialist projects across the globe, thus contributing to the program's overall goal of fostering global perspectives, mutual understanding, and knowledge sharing.

Should you require any documentation related to your participation for your own purposes, please do not hesitate to contact our team at: fspeerreview@worldlearning.org. In the near future, you will receive an email from our team with a request to participate in the 2021 peer review cycles should you be available to continue your service for another year.

Once again, thank you for your participation in the 2020 Fulbright Specialist peer review process.

Sincerely,

The Fulbright Specialist Peer Review Team
