Pathways

OPT-IN Option for Continuing Students Returning After One (1) or Two (2) Semesters

Continuing students who entered York College prior to Fall 2013; and/or those who have recently returned from a **one or two** semester leave, can choose whether they wish to complete their existing degree requirements or follow the new Pathways plan.

Students wishing to change their existing degree requirements to Pathways must OPT-IN. To opt-in to Pathways, students must follow the four steps below:

1. Complete a “What-If” degree audit assessment on curriculum requirements for their current major and those which will be required under Pathways.
 - To access your degree audit and obtain these reports, please log on to your portal account at: https://cunyportal.cuny.edu/CPR/authenticate/portal_login.jsp
2. Make an appointment to meet with an academic advisor.
 - Contact the Academic Advisement Center at 718-262-2280 to schedule an appointment.
3. Bring your degree audit reports with you to your advisement appointment. The advisor will have access to those reports and will review them with you.
4. Complete and sign the OPT-IN contract in consultation with your academic advisor.
 - Academic advisor must approve and sign contract.
 - Opt-In contract can be accessed at <https://www.york.cuny.edu/academics/academic-affairs/pathways/york-student-policies-and-documents>

Note: Transfer students who have already been waived from the General Education requirements prior to Fall 2013 will **NOT** benefit from opting in.

Readmission of Continuing Students Returning After Three (3) or More Semesters

- See Academic Advisor (in the Academic Advisement Center) to discuss Pathways options
