Subject: Changes in Executive Leadership

To the College Community:

As you know, with changes in presidential leadership often come changes in executive leadership. Over the past few weeks, there have been several changes that I want to bring to your attention.

As you have been made aware already, it is with mixed emotions that after almost 42 years of dedicated service to the CUNY community, Dr. Vincent Banrey has announced his retirement effective December 12, 2019.

I also want to share that Shereitte C. Stokes III, Vice President for Institutional Advancement, will be leaving York College as of November 15. I want to thank him for his dedicated service to the campus community and wish him the best in his next endeavor.

I will be announcing transition plans shortly for both areas and look forward to partnering with the College to conduct a national search for both positions. We will re-engineer these areas together as we continue to achieve our strategic goals.

I would like to welcome to campus Vivian Febus-Cabrera, Executive Director of Business Operations and Compliance. Vivian previously spent more than 20 years at John Jay College of Criminal Justice as the Chief Financial & Administrative Officer for the Student Activities Association, Inc. She managed the fiscal, human resources and business practices for what is a 4-million-dollar entity and has extensive experience. Serving as a member of the executive team, she will work directly with me on the development of several areas including revenue generating initiatives, student fee management, and contract review.

This is also a delayed announcement that Dana M. Trimboli has joined us as the President's Chief of Staff. Dana spent more than 15 years at John Jay College of Criminal Justice and was previously at NYU School of Medicine. She has extensive experience as a student success architect and builder in areas such as immigrant student success, veteran resources, and student wellness, all with the aim of facilitating seamless service and coordinated programmatic efforts that impact retention. Dana is an

experienced fundraiser, developed nationally a recognized peer leadership program, and has presented on student food and housing insecurity across the country. Serving as a member of the executive team, she advises the President on a range of issues and is responsible for managing the timely and accurate completion of deliverables that cross organizational lines.

I want to thank those of you I have already met and spoken with as part of my “Listening Tour” and I encourage you to participate in the upcoming Strategic Planning Forums advertised on campus. Please continue to share your questions or concerns.

Thank you for all you do! Together, We Are One York.

-Berenecia Johnson Eanes, Interim President
