

OCTOBER IS CHECK YOUR PENSION MONTH!

October is a good time to take a closer look at your pension plan and retirement savings to see if you are achieving your retirement goals and objectives. As you look toward the future, we strongly encourage you to consider the following:

- Review or update your beneficiary information*
- Review your pension allocations*
- Review or update your contributions*
- Update your home address*
- Contact your pension plan to see if your contributions are up-to-date. It is your responsibility to ensure your pension contributions are accurate.*
- Enroll in one of the voluntary retirement plans, i.e.: Tax-Deferred Annuity or the NYS Deferred Compensation Plan*

Many changes can affect your investments during the course of a year. It is important to monitor your retirement and investment accounts regularly and to adjust as needed. York College does not manage retirement and/or pension accounts and cannot correct or track miscalculations. So, we encourage you to take the time to make sure your information is accurate.
