I. State Program Mission

The Studio Art program is designed to help students acquire and achieve comprehension of the fundamental knowledge and skills of art production as well as an understanding of art history. Studio Art also encourages students to develop analytical and expressive skills in addition to discovering creative solutions to problem solving. Students will be required to produce a professional portfolio of their work upon completion of the program. After completing their B.A degree, students can pursue their research and creative artwork at the graduate level. Students will also be well situated for employment in many art institutions, galleries, and educational organizations.
