N.B.

- Specific dates will be provided as part of the annual P&B calendar
- The Dean's Memorandum is prepared during the Spring semester of a tenure-track faculty's third year of service
- Candidates seeking tenure and/or promotion require three external letters of evaluation; if a candidate is seeking tenure and promotion simultaneously the same letters can be used for both, but must address each action
- If a candidate is applying for promotion at the same time as tenure, the same set of materials is used, but these are two separate actions; materials must be uploaded for each action
- When a Department Chair applies for promotion from Assistant to Associate or Associate to Full, all actions are handled by the School Dean
- Completed application goes directly to College P&B Committee
